Subject: Clarification regarding March 14-March 22 2025 Petition Certificate of Service

Since I am signing and emailing this document to, Clerk's Office Intake, U.S. District Court for the District of Columbia, 333 Constitution Avenue NW, Room 1225, Washington, DC 20001 and Duty attorney representing U.S. Attorney's Office for D.C., 601 D Street, NW, Washington, DC 20530, USADC.ServiceCivil@usdoj.gov, I have a valid unresolved case and controversy to which both court and gov have jurisdiction over the defendants of my case, due process and duty require for Clerk of Court and duty attorney in Washington DC to resolve my case on notice, since I have served critical parties properly. Since I have a valid unresolved case clerk of court cannot interfere but allow Chief Judge to take emergency action on notice because multiple parties including US attorney's employees in DC may not duty but use method and means to cause delay and obstruct justice. ***Emergency Action by Clerk of Court and duty attorney is needed*** since my case is not resolved since 2008 and multiple employers, gov, including US Navy, Mathew Fesak, 4th circuit judges, Judge Seeborg and US Supreme Court justices know duty required for US Navy to resolve matter in 2004 itself but had not. Urgent action is needed also because government and court knew since 2008, in addition to US Navy, multiple employers had been discriminated and not hired and State of NC had initiated a case 08cr40557 to breakup family, take control of my wife and children, come to know of family situation and benefit and not to do justice. Therefore duty required for FBI and US DOJ employees in NC not limited to Rudy Renfer and US attorney's employees in CA needed to resolve matter by removing State of NC 08cr40557 and CA DMV ticket case. Knowing all of these details, Mathew Fesak, US Rep Price, US Rep George Holding, Mathew Fesak, Sen Feinstein, and multiple others have obstructed justice. As such this is criminal conspiracy against rights complaint against Mathew Fesak, all state and federal law

enforcement and government employees, Judges and Justices including Pamela Karlan and prior AG Merrick Garland. This obstruction of justice claim applies to clerk of court and Judges in Multidistrict Litigation and to Administrative Office of Courts and Judicial Conference, including Chief Justice Roberts and Executive Clerk of Court, in 4th circuit, Failure for US attorney's office in DC and Chief Judge in DC to take appropriate action to also notify Judge Alsup of this petition, since clerk of court and US Attorney's employees may obstruct justice, will mean, willful negligence by clerk of court and/or US attorney's office employees in DC.

I certify I have signed, dated and mailed attached March 22, 2025 petition to US Federal Court in San Francisco and US attorney's office. I am signing, dating this letter and emailing to all parties identified below. As my March 22, 2025 letter states since I was busy with doing multiple things I was unable to send petitions I have emailed to all of you dated March 12, 14, 15, 17 and 19th. I had indicated that I will, instead I intend to not mail those letters since I have emailed to you and I have mailed related documents too many times. If any of you want me to mail these documents to you I request that you notify me. Since I had already notified US Navy, Navy is claiming court has jurisdiction to resolve matter, but court has not resolved matter, and in spite of explaining this neither Mathew Fesak or Judge Flanagan or another judge have not resolved matter. Therefore I request US Navy, gov and court to add Secretary of Navy, Mathew Fesak, Secretary of Transportation, Town of Cary, and other critical parties as defendants urgently, allow me to cure or waive defects so that court can resolve matter. Or US Navy can remove petition from court by rehiring me and explaining what they will do. Claim against all parties remain till I get full restitution and settlements to injuries I and my family have suffered. Just like what Mathew Fesak and Judges have done is not but criminal fraud and obstruction of justice and this claim applies to all private attorney's also, all attorney's identified in this email who are defendants in my case should note, that since I am doing many things I will mail notices to you as soon as possible, if required. Duty attorney in Washington DC should respond if I should service notice to Mathew Fesak as defendant or since I have notified you and clerk of court, that you will disqualify Mathew Fesak, all judges assigned to case, change venue to appropriate court and resolve matter. I request US Navy also let me know what you will do and not do. I request US Navy and US duty attorney explain, since I have paid fee and initiated multiple cases, since those cases can be reopened, orders vacated and those cases can be transferred to federal court in DC and CA to resolve matter, will you represent me or will you approve attorney costs and court fee or not, since Matthew Fesak or US Navy or Rudy Renfer has not responded or even explained I was entitled to those costs.

I request Respected Sergio to take appropriate action, provide this petition to President Trump, Director of Presidential Correspondence and to Cabinet, since US Navy, Dept of Transportation are defendants, and also notify FBI Director Patel and Attorney General Pam Bondi of my petition so that they take appropriate action also.
